

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

Address:NO. 3, Yanhe Road, Boshan, Zibo, Shandong, China
Email:wp@cnjingganrefractory.com/sdwenping@163.com
Contact:Rose Tel/Wechat:+86-13275332819
Tel:86-533-4188518 Fax:86-533-4188518

Carbon Fiber Tube

1.Introduction: Carbon Fiber Tube is made of carbon fiber prepreg wound and heated and solidified. In the process of production, various profiles, such as round pipe, square pipe and profiles of different specifications, can be produced through different molds. The product has excellent performance and wide application. For example, the mechanical properties of the products are excellent, high strength, corrosion resistance, heat resistance, anti-aging, and good UV protection.

2.Excellent features of Carbon Fiber Tube:

- 1) Light weight, high strength, good fatigue resistance
- 2) Good corrosion resistance and heat resistance
- 3) anti aging and anti UV linearity.
- 4) Flame retardant, good protection

3. Application scope: the products are widely used in aviation, aerospace, construction, mechanical equipment, sports, medical treatment, tents, clubs, bags, etc

4.Product type and specification: mainly 3K carbon fiber tube, with outer diameter of $\phi 20$, $\phi 22$, $\phi 24$, $\phi 25$, $\phi 27$, etc

5. Main properties: tensile strength $\geq 3000\text{mpa}$, light weight, less than 1 / 4 of steel

6.Good feedback of product use effect,the products have been exported to South Korea, America, Morocco

7.We are a professional supplier, who can provide customers with free product technology, use and other issues.

Do you want to find a professional supplier of refractory products?

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

Do you want to find a professional supplier of graphite electrodes?

Do you want to find a stable and credible supplier?

Then let's contact with jinggan company
